FREQUENTLY ASKED QUESTIONS (FAQ)

KEMENTERIAN PERDAGANGAN
ANTARABANGSA DAN INDUSTRI
MINISTRY OF INTERNATIONAL TRADE AND INDUSTRY

1 What is Biz4WRD and how does it help us, the industry?

Biz4WRD is a portal launched by the Ministry of International Trade and Industry (MITI) on 30th October 2019. Biz4WRD is a collaborative platform to connect and match companies intending to adopt Industry 4.0 solutions. It is a service offered by the Government to you, the industry.

2 What are the main benefits of using Biz4WRD?

Biz4WRD establishes a central repository and creates an ecosystem for businesses to establish their Industry 4.0 offerings and allows businesses seeking solutions to engage one another. Biz4WRD allows you to search, promote, connect and exchange information with businesses and companies across the manufacturing and services industries.

3 Why do I need to register on MyGovernment?

Registration on MyGovernment helps ensure that all engagements facilitated through Biz4WRD are authenticated. MyGovernment is Malaysia's official government portal offering a variety of online services to public and registered users.

4 Why do I have to provide additional registration information on Biz4WRD after registering on MyGovernment?

The registration information on MyGovernment includes the user's personal information as a Malaysian citizen or a foreigner. Biz4WRD requires additional information to enable business collaboration and engagement features.

5 Do I have to logout from Biz4WRD after logging in?

Biz4WRD uses MyGovernment's Single Sign-On (SSO) authentication. Once login is completed, you will be able to access the public services on MyGovernment in addition to the Biz4WRD features. Logging out from Biz4WRD also signs you out from the MyGovernment portal and its services.

6 What are the differences between a Sign Up User and a Business User?

By default, your Biz4WRD account is a Sign Up User. Upon MITI approval, it will be upgraded to a Business User. Business Users can collaborate and connect with businesses and users.
